

Welcome Presentation for SmartData

Salvatore Greco

DAUIN Politecnico di Torino

My Professional Path

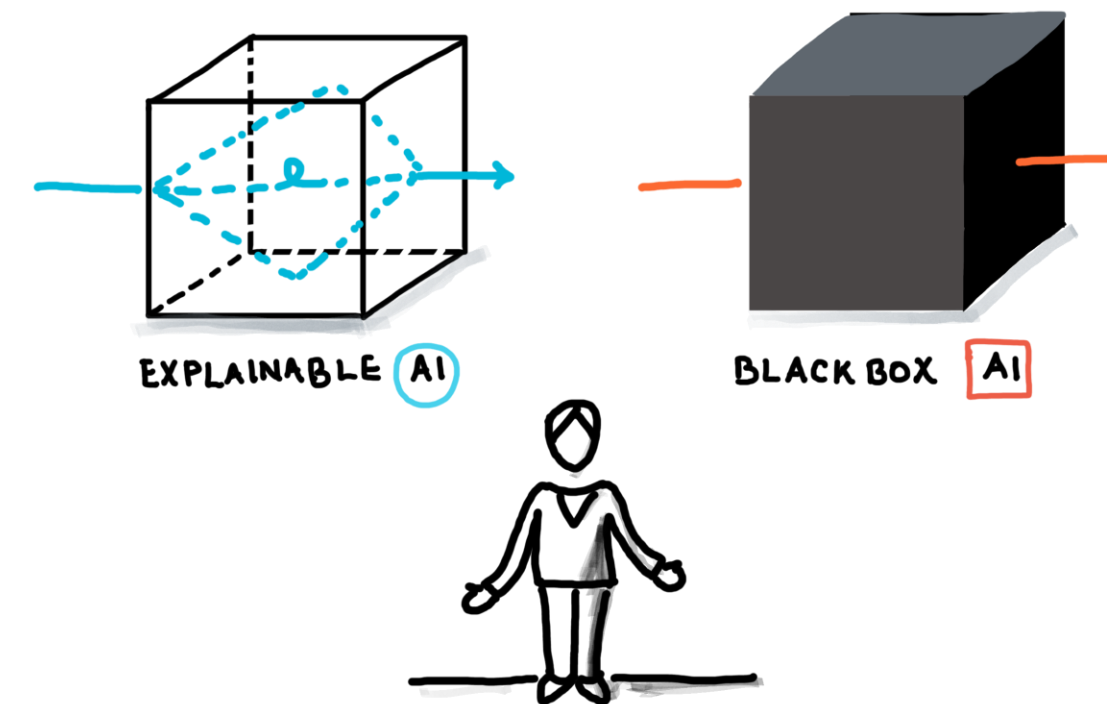

- **Bachelor's Degree** in Computer Engineering at “Università di Modena e Reggio Emilia” in July 2016
- **Master's Degree** in Computer Engineering at “Politecnico di Torino” in December 2019
- **Working Experience** as IT Junior Analyst at “Intesa San Paolo” from February 2019 to October 2020
- **Ph.D.** “*eXplainable Artificial Intelligence techniques for Natural Language Processing tasks*”

Supervisors: *Tania Cerquitelli, Elena Baralis*

My Research in a Nutshell

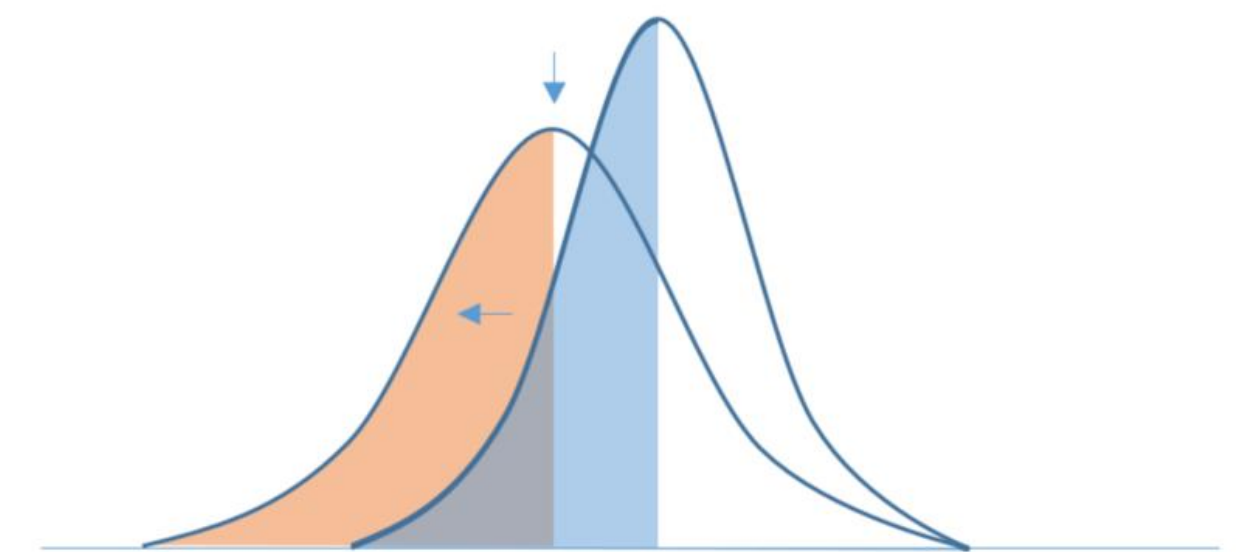

Explainable Artificial Intelligence

- **T-EBANO**: local-explanations and global-insights of black-box classifiers in NLP
- State-of-the-art comparison
- **Future Works:**
 - Human-validation
 - Explanation fine-tuning phase

Concept Drift

- Unsupervised, scalable and fast concept drift detection
- **Future Works:**
 - Self-learning: automatically labeling and incremental learning

My Hobbies

**Traveling
Learning**

Sport

Deep
