Workshop: AFC Digital Hub meets Academia

Anti Financial Crime Digital Hub and its scientific shareholders – Politecnico di Torino, University of Torino, and Centai – are hosting a workshop titled “Anti Financial Crime Digital Hub meets academia”. The workshop aims to enhance collaboration among researchers from the participating institutions, focusing on using machine learning and AI to detect financial crime in banking transactions. The event will include presentations on key challenges, insights from previous projects, and a brainstorming session for new project ideas to improve financial crime prevention and compliance strategies.

Friday, November 15th, 2024

15:30-17:30

A get-together coffee will close the workshop

Ciminiera Room 5th Floor, DAUIN

Corso Castelfidardo 34, Torino
